

SIMO2 Portable Oxygen Concentrator

Grow Efficiency. Gain Confidence.

The **SIMO2 by Drive Portable Oxygen Concentrator (POC)** is designed for providers who need reliable performance and value. Intuitive user interface, proactive service notifications, and **field-replaceable sieve beds** help keep units in the field longer, reduce avoidable service calls, and streamline patient onboarding. Lightweight and travel-ready, SIMO2 supports confident oxygen delivery across everyday environments while helping providers improve operational efficiency and inventory turns.

Clear LCD Display

Carry Bag Included

Why Providers Choose SIMO2

Designed for Maximum Fleet Uptime

Field-replaceable sieve beds allow providers to service units quickly without sending them back to the service center. Proactive on-screen alerts take the guesswork out of filter and sieve bed maintenance, to help you ensure nothing gets missed.

Reliable Oxygen Delivery

On-board oxygen sensing with purity indications and alerts help ensure consistent performance and signal when service may be needed.

Easy to Deploy

A clear LCD display, intuitive user interface, and visible alarms make patient setup simple and help reduce training time and support calls.

Travel-Ready Confidence

Conforms to applicable FAA acceptance criteria for POC carriage and use on aircraft, giving providers and patients confidence when traveling.

Product Specifications

Dimensions w/ Battery	7.36" x 3.46" x 7.24"
Weight w/ Battery	4.76 lb.
Sound Level	≈43 dBA typical at setting 2
